Final RI and Interim FS Reports, Operable Unit No. 10 (Site 35)
MCB, Camp Lejeune, North Carolina

Dear Ms. Landman:

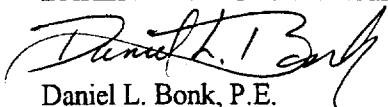

Enclosed please find three (3) copies of additional replacement text for the Final Remedial Investigation (RI) and Interim Feasibility Study (FS) Reports for Operable Unit No. 10 (Site 35). The replacement text for each document incorporates responses to comments from NC DEHNR on the Draft Final version of the Interim FS. These comments arrived at Baker after the Final RI and Interim FS were completed, thus necessitating replacement pages for the final versions of these documents. Baker's responses to reviewer's comments are attached to this correspondence along with a copy of the comments. A computer disk has also been enclosed with these responses in WordPerfect 5.1 format.

Copies of the additional replacement text for the Final RI and Interim FS Reports have been forwarded to Mr. Neal Paul of Camp Lejeune (3 copies), Ms. Gena Townsend of EPA (1 copy), Mr. Patrick Watters of NCDEHNR (1 copy), Mr. David McConaughy of NEHC (1 copy), and Ms. Carole Hossum of ASTDR (1 copy).

Baker appreciates the continued opportunity to serve the Navy. If you have any questions please do not hesitate to contact Mr. Matthew Bartman (Activity Coordinator) at (412) 269-2053 or me at (412) 269-2063.

Sincerely,
